  - I am requesting that my school delay publication of my paper's full text for

Reason for publication delay (optional):

**Note: you must contact your school to request this delay.** Checking this option on this form does not notify your school that you intend to request a delay, and does not guarantee that your school will grant the request.

If your school grants a delay, OhioLINK will publish the abstract of your paper as soon as it is approved, but will not make the full text available until the date agreed to by your school.

If you select the option for a publication delay, you need to have filled out a form and gotten prior approval from your college (see the KSU ETD site for the form).

## UMI Publication

UMI Publication Your thesis office may allow or require you to publish your paper with UMI for inclusion in their *Digital Dissertations* database, where it will be available for purchase and download. OhioLINK can upload your paper to UMI on your behalf.

Before proceeding, please read and understand the [UMI Publishing Agreement \(471k PDF file\)](#), especially including the four publishing options on page 3. Note: you do not need to fill out the forms in the UMI publishing agreement. The information in this submission form will be sent to UMI instead.

- \* UMI publication option:
  - Do not upload my paper to UMI. I retain the option to submit it myself at a later date.
  - Upload my paper to UMI for the *traditional* publishing option. I understand that I must maintain a current mailing address with UMI to remain eligible to receive royalties.
  - Upload my paper to UMI for the *open access* publishing option. I understand there may be additional fees for this option, and that I will not be eligible to receive royalties.

For the UMI copy of my paper, I am requesting:

- No search engine access
- No third party sales

For THESESES

For DISSERTATIONS

NOT RECOMMENDED -- will incur additional costs.

These options only apply to dissertations. See above regarding publication delay.

Copyright Registration Your paper is automatically protected by copyright as soon as it is created in a tangible form, including being saved as an electronic file. You may choose the additional protection of registering your copyright. For further information, see the [U.S. Copyright Office Frequently Asked Questions](#).

OhioLINK can request UMI to process the copyright registration on papers uploaded to UMI. UMI will charge your school \$65.00 for this service, and your school may pass this charge on to you.

- I want UMI to handle the application for registration of my claim to copyright, and am providing the necessary information as follows:

Copyright Registration is only available for dissertations. Note the additional \$65 charge for this optional service.

*I hereby request and authorize UMI to submit an application for registration of my copyright in the Work in my name. I will receive the registration confirmation form directly from the U.S. Office of Copyright.*
